Trac-Cut™

Rolling Spray Shield

How do the professionals create precision field logos?
Try the Trac-Cut™.

Features:

- Razor sharp cut-lines
- Disc shield makes contact with work surface and cuts as it rolls
- Reusable discs last for years

Attaches to the spray tip (clamps onto the plastic tip guard). Will attach to all airless tips. No tools required.

Because it attaches to the tip, you can use any length extension wand.
